

#### WHAT IS THE PURPOSE OF DIGITIZATION?

- Archiving and preserving the objects in digital format for future generations.
- Connecting the digital copy to the electronic evidence database.
- Improve **usability** of material through digital manipulation.
- Improving the access to the digital collections.
- Extending the possibility for scientific collaboration and research.
- Outreach and dissemination of the memory institution through its digital content.

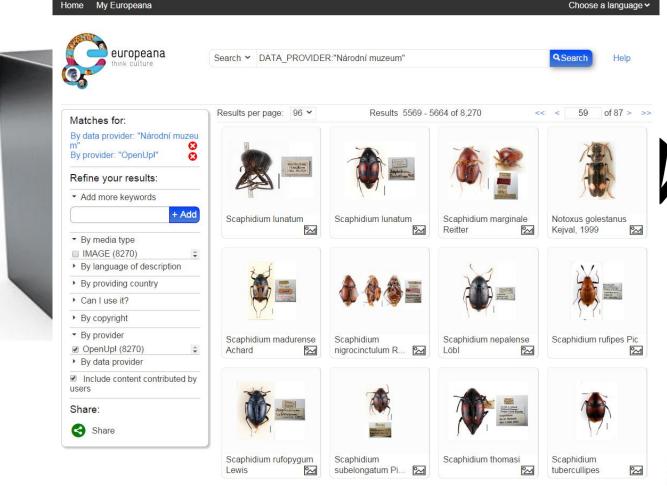

## WHAT IS THE PURPOSE OF DIGITIZATION? HOW CAN WE DIGITIZE OUR CONTENT?

# What is the purpose of digitization? How can we digitize our content? What can we do with the digitized data?

# What is the purpose of digitization? How can we digitize our content? What can we do with the digitized data? What is the potential of those digitized data?

#### **Europeana Creative**

- → enables and promotes greater re-use of cultural heritage resources by creative industries.
- → sets the stage for collaborations between content-providing cultural heritage institutions and creative industries stakeholders in the education, tourism, social networks and design sectors represented in the project by 5 pilots.
- → is to develop products in each pilot to prove this collaboration and motivate other stakeholders and institutions outside of the project consortium.
